

## **Training Provider and Group Training Associations Directory**

Please note that this list is to assist individuals and employers seeking providers to approach, in addition to Colleges, for training in their local area.

Whilst every care has been taken in compiling the list, it may not represent all providers.

Inclusion in the list does not represent a recommendation or endorsement from the Sema group, although some will be approved to deliver various awarding body qualifications. Check with the provider for further details. Many of those included do have a link with apprenticeship training.
